This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

REPORT.

State of South Carolina,
Office of State Bank Examiner,
Columbia, S. C., Jan. 1, 1908.

Gentlemen of the General Assembly:

I have the honor to hand you herewith the second annual report of this department for the fiscal year ending December 31, 1907.

I have made four calls for statements from the State, Savings, and private banks doing business in the State, as follows:

March 19th,—213 banks reporting.

June 14th.—215 banks reporting.

September 17th.—217 banks reporting.

December 16th.—227 banks reporting.

A condensed statement of these calls will be found in this report, as will also be found the detailed statements of each bank doing business December 16th, 1907.

EXAMINATIONS.

With the assistance of the Assistant State Bank Examiner, I have made examinations of 216 banks and handed to the State Treasurer the detailed reports of same as required by law.

The banks which started in business during the months of November and December (twelve in number) were not examined, for the reason they had been in business such a short while that they had not done enough business to justify an examination.

LIQUIDATIONS.

During the year the following banks have gone out of business for the reasons stated:

Batesville Savings Bank—Liquidated by mutual consent.

Bank of Varnville—Liquidated by mutual consent.

Greenville Savings & Trust Co.—Succeeded by National Bank.

Loan & Exchange Bank, Greenwood—Succeeded by National Bank.

Wm. A. Nicholson & Son, Union—Succeeded by Nicholson Bank & Trust Co.

Digitized by Google

760 652

Blackville Exchange Bank—Succeeded by Bank of Blackville.

Kennedy Bank & Mercantile Co.—Succeeded by Bank of Blackstock.

FAILURES.

The only failure I have to report is that of the Hibernia Trust and Savings Bank, of Charleston, S. C., which was placed in the hands of receivers on November 25, 1907, which was done after due deliberation and consideration by the officers and directors.

This bank had a very severe loss several years ago, and while it had never entirely recovered from this loss, it was gradually liquidating the same.

This loss, together with the financial troubles of the past few months, placed the bank in such position that it was deemed advisable to take the course as above set forth.

From what information I can gather, I think the depositors will, in time, be paid almost if not all due them.

NEW BANKS.

There has been organized and started in business during the year, thirty-one banks as follows (three of these, however, simply succeeding other State banks of different titles):

Peoples Savings Bank, Anderson, S. C.
Farmers Trust Co., Belton, S. C.
Monroe Banking & Mercantile Co., Honea Path, S. C.
Farmers Bank, McCormick, S. C.
Allendale Bank, Allendale, S. C.

Bank of Inman, Inman, S. C.
Carolina Trust Co., Spartanburg, S. C.
Dollar Savings Bank, Spartanburg, S. C.
Everybodys Bank, Jonesville, S. C.
Nicholson Bank & Trust Co., Union, S. C.

FINANCIAL.

The receipts and disbursements of the office for the year have been as follows:

Cash on hand from last report		$ 300 57
Fees for examinations received		8,200 00
		$8,500 57

Disbursements.

Paid salary of Examiner and Assistant	$4,500 00	
Paid traveling expenses, postage, etc.	1,859 43	
Paid office supplies	207 10	
Paid printing	565 31	
		7,131 84
Balance in hands State Treasurer		$1,368 73

Digitized by Google

Out of this balance there will have to be paid the expenses of printing this report, which will amount to about $500.00, and also some small items of expense since the end of the year.

One thousand two hundred and sixty dollars of the amount of the examination fees collected in January and February of this year, and included in the above, was for examinations for the year 1906, but which could not be made until that time, so you will note that the actual income of the office for the year is $6,960.00, with expense account of $7,131.84, which makes it necessary that very economical methods be used in running the office, but with the gradual increase in the number of banks each year the income will increase in proportion.

I am pleased to state that, notwithstanding the fact that during the past few months we have had a very severe financial depression, the banks have been able to stand the pressure extremely well, some sections of the State faring better than others along this line. As a whole, you will note that the deposits have fallen slightly below, as shown by the banks December 20, 1906 (comparing statements of December 20, 1906, and December 16, 1907).

This should not be the case, for the fact we have more banks and banking capital, and also a very prosperous crop year, but taking in consideration the condition of the finances all over the country, I am frank to say that I do not think there is any other section, under the present conditions, which will make a better showing.

Respectfully submitted,

LEE G. HOLLEMAN,

State Bank Examiner.
